

### Websites for Non-Profits

We provide a full-service **Website Management Suite** that gets your organization online affordably, flexibly, and with your needs in mind.

Our suite includes:

- **Planning,**
- **Hosting,**
- **Web Design,**
- **Content Management,**
- **Training,**
- **And Support.**

### Planning

Your website should be an online extension of your organization's mission.

We'll help figure out your online presence in ways that fit your goals, your constituents and your budget.

### Hosting

<http://www.geekuprising.com/hosting>

We manage the techie stuff: you reap the rewards. We provide top-notch managed web hosting with:

- 10 email accounts included,
- Generous bandwidth,
- Nightly backups,
- Plenty of space to grow,
- Powerful web usage statistics reporting,
- Database and programming language availability,
- And secure (SSL) hosting.

### Web Design

Our designers are ready to give you a gorgeous, sleek and functional online face at a reasonable price. We are happy to work with your designers as well.

Already online? We can work with your existing website to give it a new life.

### Content Management

[http://www.geekuprising.com/webgui\\_content\\_management](http://www.geekuprising.com/webgui_content_management)

Our suite includes tools are available anywhere you can use a web browser. We include a state-of-the-art open-source content management system (**WebGUI**) that lets you:

- Keep your site up-to-date without HTML skills,
- Cut, copy and paste pages right in your browser,
- Create "members only" sections of your site,
- Manage event calendars,
- Host discussion forums,
- Create photo galleries,
- Collect data via online forms,
- Set up a weblog (aka "Blog"),
- Poll your visitors with a robust survey system,
- Make **Frequently Asked Question** lists,
- Get assistance online via built-in help resources,
- Customize how your site looks easily.

**Website need an update? Don't have one?**

**Get in touch! We provide one-stop-shopping for everything internet.**

### Training

We provide 3 hours of formal technical training on WebGUI content management as part of our Suite.

### Support

Our support strategy is simple: fix problems, fix them fast and be highly available. We know the tools we use intimately, we return calls and we keep our promises.

### About Us

Dan Collis Puro spent three years of his career as a campus and community organizer with the state PIRGs, moving up to managing their fundraising and membership database. He's been working in the non-profit technical world since 1998 and exclusively on web development since 2000.
